

Human proteome, about 100 proteins per seed

Swiss-Prot 2026_03, 1 chance match

k_{main} , measured
 k^* , Equation 4b
 Equation 4b
 k_{max} , Equation 4b

one cell per k-size to test, k_{min} to k_{max} ; the number at right counts them
 Bits per letter in Equation 4b: from Swiss-Prot composition; for k_{max} , measured in the human proteome
